RE: Your NEXUS Program Membership # [REDACTED]

Dear MATTHEW BOROWSKI:

Thank you for your interest in the NEXUS program of U.S. Customs and Border Protection (CBP).

A review of your membership by the CBP Ombudsman has been completed. Based on the information you provided, it has been determined that no change is warranted at this time. Please be mindful that being denied from participating in the NEXUS program does not prohibit you from being able to travel.

If you do not know why you were denied, then you will need to submit a request for personal records to the CBP/Freedom of Information Act (FOIA) Division, in accordance with federal privacy laws. For additional information about filing a FOIA request with CBP, please visit our website: <http://www.cbp.gov/site-policy-notices/foia>. Additional program information is available through the Trusted Traveler Program (TTP) application website: <https://ttp.dhs.gov>.

Sincerely,

I have been a member of NEXUS for ten years and have never violated any regulations. I am an attorney licensed in both the U.S. and Canada. The only thing that I can think of might be that the application erroneously did not store my drivers license information, which is issued by Ontario and expiring 20251101. I am an attorney licensed in NY and Ontario and cross border daily for work. I want to know why I was denied.

Supervisory Ombudsman: Sustained denial revocation based on the totality of noncompliance with the inspection process on numerous occasions. Applicant has 6 positive relevant (3 in 2013, 1 in 2014, 1 in 2016, and the latest in 2023) from inspections where the applicant's behavior is confrontational and/or his actions interfere with the inspection process. Applicant was previously

revoked for noncompliance in 2013 and Ombudsman granted discretion in April 2014 and gave applicant another opportunity for TTP enrollment, but specifically stated to the Enrollment Center to please warn applicant against future noncompliance during both outbound or inbound inspections. Applicant likely should have been revoked for repeat noncompliance as noted in November 2014 [REDACTED] or May 2016 [REDACTED]. Applicant has numerous crossings and 53 total secondary inspections. Applicant's April 2023 [REDACTED] details alone are enough to warrant a sustained denial revocation based on statements of intended noncompliance the applicant made to the Watch Commander after the secondary inspection was complete. Port and EC can remind the applicant that those who do not qualify for Trusted Traveler Program participation are not prohibited from entering the United States. However, they are not permitted to use a Trusted Traveler dedicated lane to do so. Does not warrant discretion at this time.

On Wednesday, April 5, 2023, at approximately 1157 hours, subject Matthew Karim BOROWSKI (DOB: [REDACTED]; COC: USA) was encountered in lane seven at the Peace Bridge Port of Entry, Buffalo, New York.

During the primary examination, the subject indicated to the Primary Officer that his citizenship was irrelevant. Furthermore, the subject indicated that he would only state that he has nothing to declare. At that time, the Primary Officer called for an escort.

Responding officers requested that the subject step out of the vehicle, and attempted to clarify if he possessed any weapons on his person or in the vehicle. The subject replied by stating what is a weapon? At that time, the subject was escorted into the CBP Secondary Administrative Building for further examination. During the escort, the subject expressed that he does not want anyone to touch or move his vehicle. Once in secondary, the subject was placed in the medium-secondary area until his vehicle could be searched for contraband, merchandise, or weapons.

The subject's vehicle was cleared from the primary lane in order to process other travelers. The vehicle was driven to the secondary parking lot by a CBP Officer and was witnessed by the on-duty Supervisory CBP Officer.

[REDACTED] examination of the vehicle conducted by two CBP Officers and witnessed by the on-duty Supervisory CBP Officer [REDACTED].

Upon conclusion of the [REDACTED] examination, the subject was removed from the medium-secondary lobby and placed in the general lobby. The subject's passport and vehicle keys were returned to him. At approximately 1215 hours, the subject was advised that CBP's secondary examination was completed, and he was clear to leave. BOROWSKI requested to speak to the Watch Commander.

The on-duty Supervisor immediately contacted the on-duty Watch Commander regarding the subject's request. At that time, WC [REDACTED] responded to secondary and spoke with the subject regarding his concerns, as well as CBP procedures. After speaking with WC [REDACTED] the subject departed the Port of Entry at approximately 1230 hours.

WC Notes: Mr. Borowski stated he will not answer questions he felt that a USC does not need to answer such as Where are you going? He claims that the officer does not need to know where in the US he is going. I spoke to Mr. Borowski and advised him that if he does not answer the officer's questions, he may be sent or escorted to secondary and that the officers questions provide the officer with information to make a admit/refer decision. Mr. Borowski stated he will not answer those questions as he is not bound by the NEXUS program as his card was revoked. He stated he inquired with a FOIA request and as SCBPO [REDACTED] but has not received an answer as to why his card was revoked. All officers were professional during this encounter. Mr. Borowski requested the names of the primary officer, the officer that drove his car and wanted to speak to Officer [REDACTED] (K9 Supervisor). I provided Mr. Borowski with my name and advised him that he could file a complaint or a FOIA request regarding the inspection. Mr. Borowski departed the station at approximately 1230 hours.

Comments

UNCLASSIFIED // For Official Use Only

On Sunday May 22, 2016, CBPO [REDACTED] conducting primary inspections in Auto Lane 7 at the Peace Bridge in Buffalo, NY. At 1550hrs, CBPO [REDACTED] encountered a vehicle bearing Ontario License Plate # BNYL678 driven by BOROWSKI, Matthew (DOB: [REDACTED]; COC/COB; USA, NEXUS PASS ID: [REDACTED] He was accompanied by his children, [REDACTED] and his wife [REDACTED] (DOB: [REDACTED]; COC/COB: USA; NEXUS PASS ID: [REDACTED]). Mr. Borowski presented Nexus Cards as identification for all four passengers.

CBPO [REDACTED] asked Mr. Borowski his citizenship, he replied, "We are all United States citizens". CBPO [REDACTED] then attempted to obtain a binding verbal declaration of citizenship from [REDACTED] by looking directly at her and asking her citizenship. Mr. Borowski raised his voice and quickly responded, "We are all U.S. citizens". CBPO [REDACTED] advised Mr. Borowski each adult in the vehicle needs to give their own verbal declaration of Citizenship. Mr Borowski raised his voice and argued that he could speak for everyone. He stated, "Yes I can, I'm an Immigration lawyer and I can answer for her".

Once again CBPO [REDACTED] asked her what her citizenship was and Mr. Borowski tried to answer for her again, but this time [REDACTED] answered, "U.S.". After obtaining a verbal declaration of citizenship from both adults in the vehicle, the inspection continued in regards to the purpose of their travel, and if the subjects had anything to declare in terms of goods coming into the U.S.. Each time CBPO [REDACTED] asked a question, Mr Borowski reminded CBPO [REDACTED] that he was an Immigration lawyer.

Mr. Borowski was visibly aggravated and stated that since they were NEXUS card holders, they didn't need to answer a lot of questions. CBPO [REDACTED] advised Mr. Borowski that every traveler crossing the border was subject to inspection. Mr. Borowski became visibly irate and told the CBPO that he should "Go inside and ask a Supervisor. We are Trusted Travelers and the Supervisor will tell you that we are not subject to the same questions." CBPO [REDACTED] assured him that was not the case. Throughout the entire inspection Mr. Borowski was uncooperative and argumentative. He attempted to take control of the inspectional process. CBPO [REDACTED] felt that the demeanor of Mr. Borowski was not consistent with other travelers who cross the border and it raised enough suspicion for CBPO [REDACTED] to request the keys and preform trunk check. [REDACTED] Upon completion of the inspection, all were released USC's.

Both CBPO [REDACTED] and CBPO [REDACTED] witnessed the inspection.

Mr. Borowski began to pull over and stopped, blocking both lanes of traffic and began yelling out his window that he wished to withdraw his application for admission. (Mr. Borowski was outbound so we still don't know application for admission to what.) While turning to pull over Mr. Borowski then stopped his vehicle, he was asked and then told to drive to the secondary inspection area. Only after several verbal commands to pull to the secondary inspection area did Mr. Borowski comply. When in the secondary inspection area Mr. Borowski continually stated that he was a U.S. citizen and under what authority did CBP have to inspect his vehicle. Mr. Borowski was told that CBP had the authority to inspect both inbound and outbound traffic. Mr. Borowski was asked and then told several times to exit his vehicle so the inspection could be completed. Only after CBP [REDACTED] physically opened the door and guided Mr. Borowski out of the vehicle did he finally comply. During questioning it was discovered that Mr. Borowski had recently taken the Bar exam and that he was planning on becoming a lawyer. Mr. Borowski stated that he knew CBP could inspect inbound vehicles but did not think that they could inspect outbound vehicles. Mr. Borowski continued to question the authority of CBP for outbound inspections during the entire inspection. Attempts were made to explain the authority of CBP by several different Officers. A [REDACTED] exam of the vehicle yielded negative results. Once the inspection was complete, Mr. Borowski's Nexus card was returned to him and he was released to travel north to Canada.

Mr. Borowski impeded the inspection by CBP by

1. Not answering the questions of the primary Officer.
2. Not obeying the request of the primary Officer to pull over.
3. Not obeying the Command of the primary Office to pull over.
4. Not obeying the request of the secondary Officer to exit the vehicle.
5. Not obeying the secondary Officers command to exit the vehicle.
6. Continually questioning the authority of CBP to examine his vehicle.

Chief Notes: When speaking with Mr. Borowski on 3/19/2013, I reviewed NEXUS program and NEXUS lane procedures and violations to include that NEXUS card holders are subject to inspection. I explained that committing NEXUS violations, including failing to comply with any part of the inspection process, could result in revocation of NEXUS status. During our discussion Mr. Borowski was courteous and apologetic, at no time did he make derogatory comments about the officers and stated they were professional at all times during his inspection. At the conclusion of our conversation, Mr. Borowski thanked me for taking the time to review the NEXUS process with him. Prior to Mr. Borowski's release, I confirmed with secondary officers that they had completed the inspection and Mr. Borowski was released as a US citizen.

04/12/2023	Supervisory Ombudsman: Sustained denial revocation based on the totality of noncompliance with the inspection process on numerous occasions. Applicant has 6 positive relevant [REDACTED] (3 in 2013, 1 in 2014, 1 in 2016, and the latest in 2023) from inspections where the applicant's behavior is confrontational and/or his actions interfere with the inspection process. Applicant was previously revoked for noncompliance in 2013 and Ombudsman granted discretion in April 2014 and gave applicant another opportunity for TTP enrollment, but specifically stated to the Enrollment Center to please warn applicant against future noncompliance during both outbound or inbound inspections. Applicant likely should have been revoked for repeat noncompliance as noted in November 2014 [REDACTED] or May 2016 [REDACTED]. Applicant has numerous crossings and 53 total secondary inspections. Applicant's April 2023 [REDACTED] details alone are enough to warrant a sustained denial revocation based on statements of intended noncompliance the applicant made to the Watch Commander after the secondary inspection was complete. Port and EC can remind the applicant that those who do not qualify for Trusted Traveler Program participation are not prohibited from entering the United States. However, they are not permitted to use a Trusted Traveler dedicated lane to do so. Does not warrant discretion at this time.
12/21/2022	Subject also advised, if he chooses, to contact the FOIA office with assistance filing a FOIA request.

12/21/2022	<p>Subject came into the Buffalo EC on December 21, 2022 at approximately 6:30 p.m. to inquire about his recent NEXUS renewal denial. Subject provided documentation stating his application was denied and that he does not meet program eligibility requirements at this time. Subject was asked about any previous NEXUS revocations. Subject was also asked about past incidents in/around the border. In response to those questions, subject stated officers were "abrasive" and that there was one officer in particular with whom he has had negative interactions (an officer he stated he sued). Subject stated he spoke to a supervisor about an agriculture violation in 2018. Subject stated the supervisor told him that agriculture officer "does this to everyone" and that the subject shouldn't worry about the incident.</p> <p>Subject was then asked if at any point he may have reacted to any encounter in a way that could have been handled in a more appropriate manner. Subject said no. Subject was very quick to point to the mistakes of others while painting himself in a very positive light, and specifically as the 'victim' in his latest NEXUS denial. Subject mentioned he will have to spend much money litigating with CBP in an attempt to get his NEXUS card privileges re-instated (all because he states he is disliked by a certain officer and that that officer is out to get him). Subject was [REDACTED] about local WCs and Chiefs with whom he could speak. Subject was advised that the reconsideration request, which he already filed, is the means of reviewing unfavorable decisions to program status. After the discussion ended, the subject went back to the secondary inspection area of the bridge to inquire further.</p>
12/20/2022	<p>Client came to the EC to discuss the reasons for his denial. During the day he called the office 2 times. The first call the officer advised him to file a request for reconsideration with the OMBUDSMAN through his trusted traveler account. On the second call the officer he spoke with was unaware he had phoned earlier and told him if he came to the EC he might get more information. He arrived at the EC at closing time and was mildly confrontational. He stated the CBP web site said he should file a FOIA request at the EC. He stated he was an attorney and was "serving " us (CBP officers present) with a FOIA request. He was advised that he should know it is improper to "serve" papers in the manner in which he was attempting. He was also advised that the EC and CBP do not process the FOIA request and he needs to submit to the proper place. He was also advised again the proper place to request for reconsideration is through the OMBUDSMAN. [REDACTED]</p>
02/26/2019	<p>[REDACTED] Still meets eligibility criteria. [REDACTED]</p>
02/24/2019	<p>[REDACTED] Recurrent Vetting. Verify continued eligibility for TIP status.</p>
02/19/2019	<p>[REDACTED]</p>
05/01/2014	<p>[REDACTED] Replacement card issued per SCBPO [REDACTED]</p>
04/25/2014	<p>OMBUDSMAN REVIEWED, REINSTATEMENT REASONS: Discretionary consideration granted for applicant's reinstatement in Nexus. E.C. Please warn applicant against future non compliance during both outbound or inbound inspections.</p>
12/16/2013	<p>Subject's Nexus card was retained and revoked after third encounter with CBP officers requiring an [REDACTED] Subject has been argumentative and consistently fails to comply with officer's direction. Subject came to the enrollment center to demand his card be returned. Subject was confrontational and argumentative with the E.C. supervisor and attempted to cause a disturbance in the waiting area. The revocation of the Nexus card was discussed with Chief CBPO [REDACTED] and he concurred with all actions taken.</p>
01/03/2012	<p>Court documents received showing dismissal of all charges. Scanned into application and approved per SCBPO.</p>
